## Step 2

Click the search bar in the top right corner.

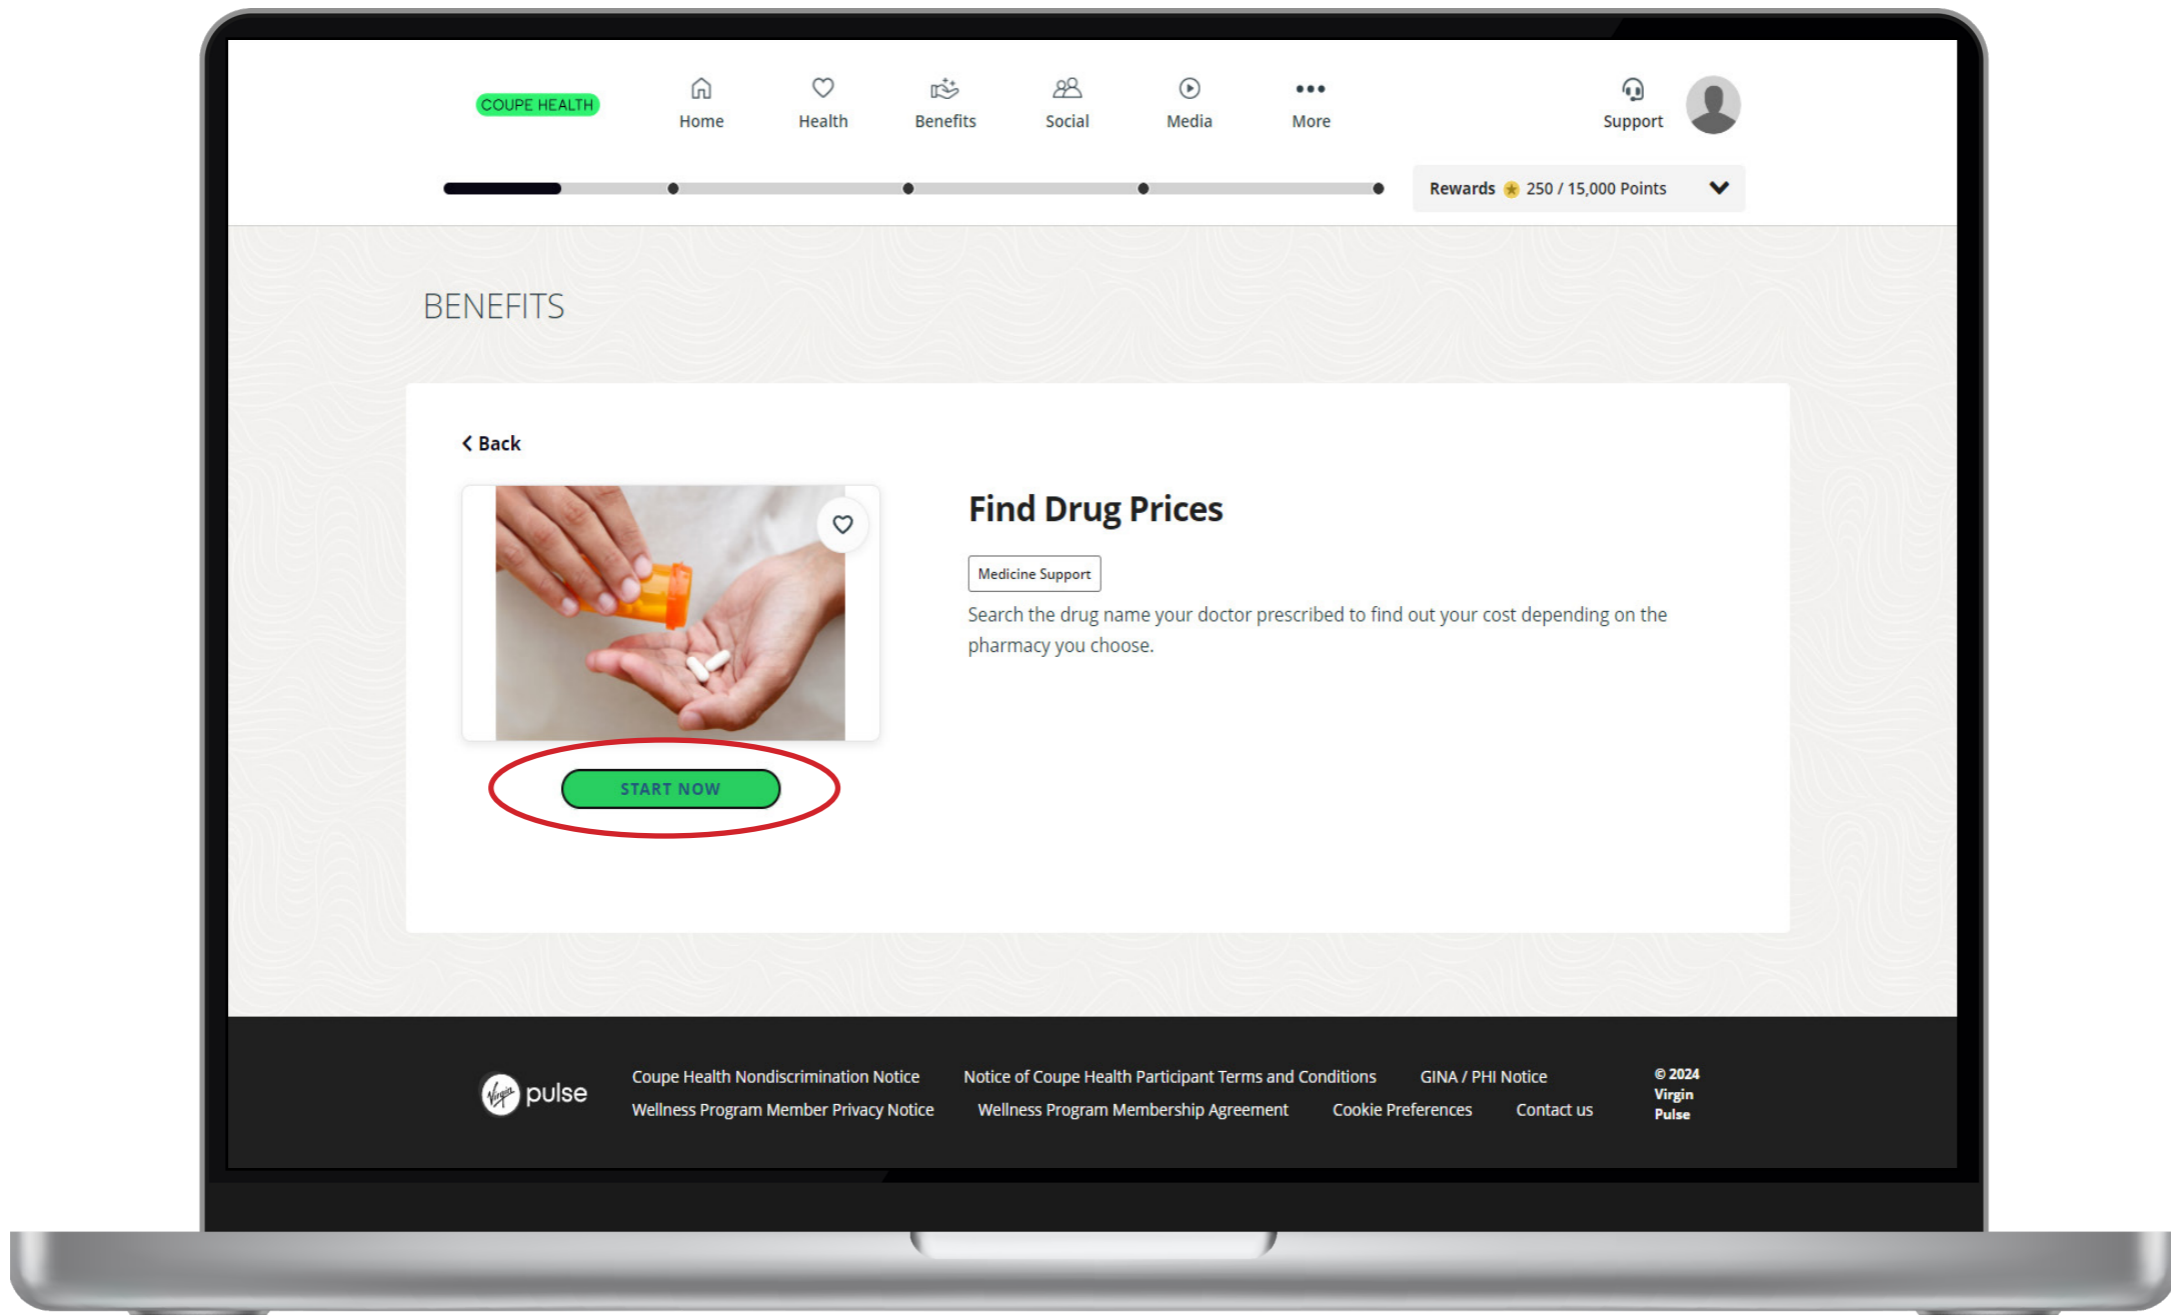

## Step 3

Type 'Find Drug Prices' into the search bar. Then click 'Find Drug Prices'.

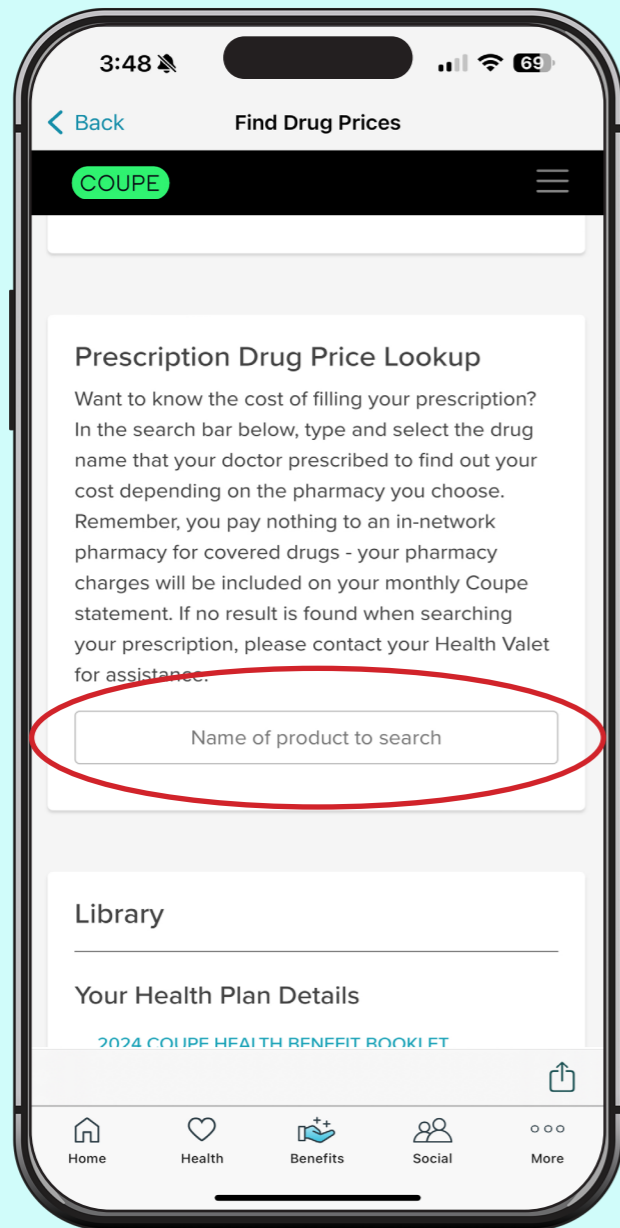

## Step 4

Click the 'Start Now' button. You will then be sent to the prescription price search tool.

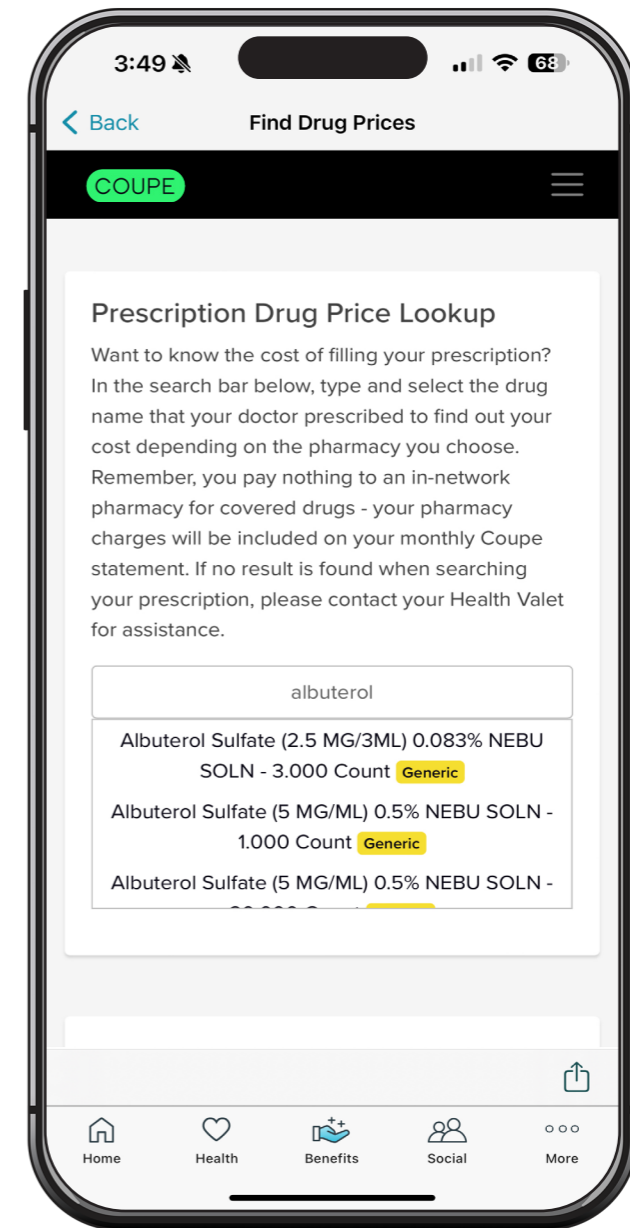

## Step 5

Type in the name of the drug that was prescribed by your doctor.

## Step 6

Click on the correct prescription.

## Step 7

You will then be shown the cost of that prescription at Tier 1, Tier 2, Tier 3 and mail order pharmacies. Your price is lowest at Tier 1 pharmacies.

The screenshot displays a pharmacy website interface for 'COUPE HEALTH'. It features four main cost options for a prescription:

Pharmacy Type	Cost	Supply	Tier
Other In-Network Pharmacies	\$5	Up to 30 days supply	1 Tier
Walgreens	\$10	Up to 30 days supply	2 Tier
CVS	\$15	Up to 30 days supply	3 Tier
Mail Order Only	\$15	Up to 90 days supply	4 Tier

Below the cost options are two buttons: 'Search for Pharmacies' and 'Mail Order Instructions', both with right-pointing arrows. At the bottom, there are two sections: 'Therapeutic Alternatives' and 'Alternative Drug Forms & Strengths'. Each section has a menu with 'GENERIC' selected, and other options: 'PREFERRED', 'NON-PREFERRED', and 'SPECIALTY'. A footer at the bottom reads: '© 2024 Coupe. All Rights Reserved. Privacy Statement. Notice of Privacy Practices. Terms of Use.'

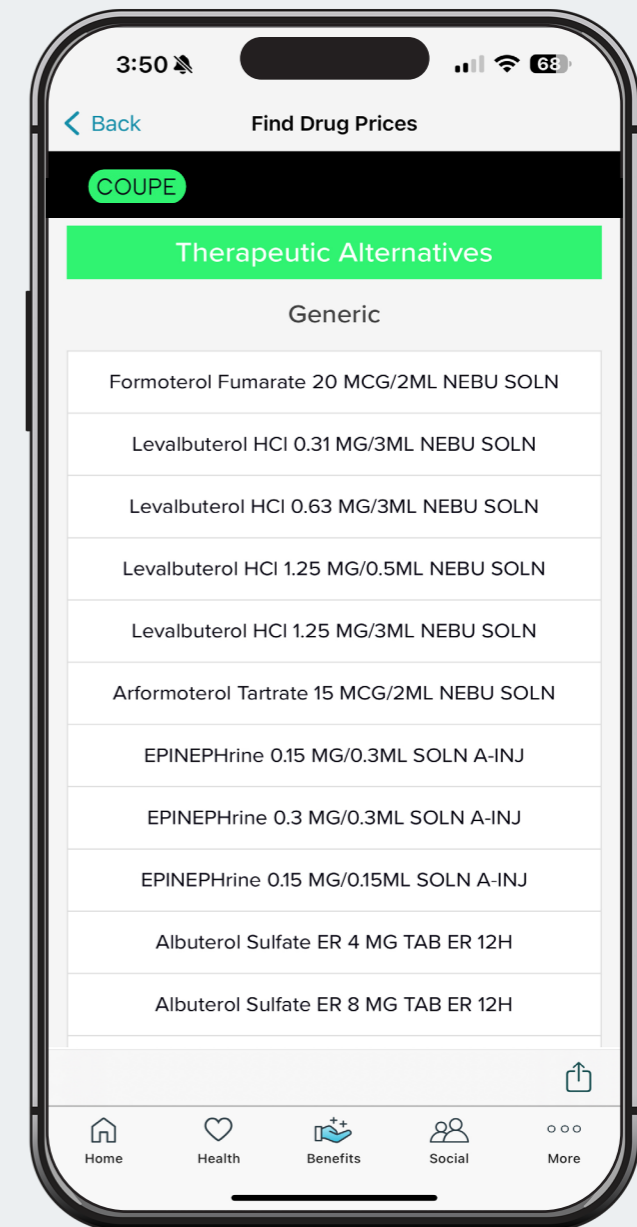

## Step 7

Scroll down if you would like to see generic alternatives to the prescription. Make sure to check with your pharmacist or doctor to make sure that the alternative is a good fit for you.
